RULES OF PROCEDURE FOR THE AUDIT COMMITTEE

1. ESTABLISHMENT AND OBJECTIVE

- 1.1 The board of directors (the "**Board of Directors**") of Scandinavian Tobacco Group A/S (the "**Company**") has established, in accordance with clause 17.2 of the rules of procedure of the Board of Directors and section 31 of the Danish Act on Approved Auditors and Audit Firms (in Danish: *Revisorloven*), an audit committee (the "**Audit Committee**") under the supervision of the Board of Directors.
- 1.2 The composition of the Audit Committee will be decided at the first ordinary meeting of the Board of Directors after the annual general meeting.
- 1.3 The objectives of the Audit Committee are to supervise and assess risks in relation to the Company's financial and sustainability reporting, and supervise risk management over financial risks, in order to ensure that there is a true and fair view of the Company's assets, liabilities, financial position, results, cash flows and social and environmental impacts. Furthermore, it is the objective of the Audit Committee to ensure that there is good financial basis for decision making and that the assumed financial risks are within the Company's risk tolerance. The Audit Committee shall also, from time to time, assess whether the Company is and remains a going concern from a financial point of view. The tasks undertaken by the Audit Committee in order to fulfil its objective are further described in clause 3 below.
- 1.4 The Audit Committee's function is merely preparatory in connection with the transaction of business by the Board of Directors. Accordingly, the setting up of the Audit Committee does not limit or render superfluous any requisite consideration by the Board of Directors, and information required by members of the Board of Directors to fulfil their duties must therefore be provided to all members of the Board of Directors and not only to the members of the Audit Committee. Without deviating from the foregoing, one of the purposes of establishing the Audit Committee is to allow the members thereof time for a more detailed review of matters coming within the objectives described above. The Audit Committee shall summarize such review and when required give its recommendation to the Board of Directors. Accordingly, presentations to the Board of Directors of matters reviewed by the Audit Committee will often be in summary form. Each member of the Board of Directors remains responsible to ascertain that he/she is sufficiently informed about the matters presented to the Board of Directors.

2. MEMBERS AND COMPOSITION
